PRODUCT STORY

Poolside, under the cabana, or in the water join the fun with JWOWW's Triple Dip Intensifier! Its Triple Intensifying Blend sustains Red Light benefits, color development after UV exposure and stunning sunless results, all while preserving your natural color. A collagen boosting ingredient amplifies collagen production post tanning and supports skin hydration after a stimulating Red Light session. The restorative Ink-Drink™ Complex refreshes your tattoos while the Intense Moisture Blend drenches you with hydration prolonging your UV results. Strip down to nothing but perfect color and take a dip with Triple Dip Intensifier by JWOWW!

"I'm excited to introduce a Triple Dip into my collection. Perfect for every customer in mind. Xoxo"
– **JWOWW Jenni Farley**

COLOR TECHNOLOGY

Triple Intensifying Blend: Melanin boosting complex delivers glowing streak-free color while enhancing the benefits of Red Light treatment and Sunless sessions.

- **UV:** Tyrosine aids in stimulating melanin production for streak-free color development while Erythrulose and Melitane are known to produce a natural looking tan. Melitane is also known to boost collagen production after a tan develops on the skin. The combination of these three ingredients can also reduce skin irritation.
- **Red Light:** Melanin, Allosteris and other peptides combine to help stimulate collagen production, hydrate and reduce dark spots and uneven skin tone when used with Red Light treatment. The Collagen used in this blend can reduce the appearance of fine lines and wrinkles and improve the skin's elasticity.
- **Sunless:** Priming ingredients prepare the skin for flawless color development. An ingredient that mimics the functions of Silicone keeps the skin soft and smooth without interfering with a Sunless tan.

SKINCARE TECHNOLOGY

Ink-Drink™ Complex: Shea Butter, rich in Vitamin A and E, helps neutralize free radicals while softening and moisturizing skin. Raspberry Extract protects the brilliance of tattoos by reducing color damage.

Intense Moisture Blend: Powerful combination of humectant and emollients, including Murumuru Seed Butter, helps draw and seal in moisture to rehydrate skin for a smooth, silky feel and allows color development to last days longer.

ATO Inhibitor: Coconut oil and other odor inhibiting ingredients keep the skin smelling fresh after a UV or Sunless tan.

PRODUCT STORY

Love me, love me... Shea that you love me! Break up with dry, irritated skin and let Shea love you a better way. Take your relationship with color to the next level for sensitive skin you can feel confident in.

COLOR TECHNOLOGY

BioBronze® Blend: Wrap your skin in rich, radiant color with this beloved bronzing blend. Tyrosine works to stimulate melanin production to help you develop beautiful, dark, natural-looking color. Caffeine derived from cocoa increases circulation for a loving, rosy color. Build a healthy relationship with your skin with nourishing Orange Peel extract and Camu Camu fruit. Microminerals and macrominerals from Orange Peel Extract help maintain mineral balance on the skin, while antioxidants, vitamins and amino acid from Camu Camu promote healthy skin for a gorgeous, golden bronze. BioBronze® Blend is a love connection you can't resist!

SKINCARE TECHNOLOGY

Super Soothe Complex: This combination of soothing ingredients Apple, Oatmilk and Aloe is a match made in heaven for your tender heart and sensitive skin. Apple's antioxidants, phenolic compounds and flavonoids help to preserve the health and vitality of skin. Oatmilk and Aloe with their gentle, soothing properties work to calm your delicate skin for a super soft feel.

Barrier Balm: Sealed with a kiss from Vitamin A and Vitamin E, this balm allows skin to naturally rehydrate while helping to shield and improve the skin's barrier function. These vitamins have been found to help protect against signs of aging by defending against external, environmental aggressors to improve the appearance of the skin for a youthful look that will leave you truly smitten!

Moisturizing Butter Blend: Fall head over heels in love with some of nature's dreamiest ingredients. Creamy shea butter and velvety coconut oil intensely moisturize and condition skin, leaving it ultra-soft and silky smooth. Make Electrolytes from Coconut Water and Sea Salt your main squeeze as they diligently hydrate to combat dryness for nourished skin.

DermaDark® Bronzer: Natural color enhancer that provides quick, streak-free color; also builds color gradually with daily use even without UV exposure.

Hydrating Complex: Pure Hemp Seed Oil is blended with Moisture Melt and Silicone to allow for easy spreadability and fast absorption, while helping to strengthen skin and prevent water loss by forming a hydrating barrier to the skin for longer lasting moisturization.

Age Defying Blend: Super fusion of Vitamins A, B3, and E aid in protecting against external aggressors, assists in balancing uneven skin tone, and help to protect skin from harmful environmental pollutants. Soft Focus Microspheres are small particles that impart a silky texture to the lotion and provide skin blurring effects that help diminish the appearance of fine lines and wrinkles.
